## CERTIFICATE

This is to certify that the project work embodied in this report entitled "MACHINE LEARNING BASED APPROACH TO ANALYZING POTENTIAL GROWTH PATTERNS OF RAJPIPLA" was carried out by Ms. Nimita Kamlesh Bhai Jain (22301400301002) at the Geoinformatics department, Institute of Science and Technology for Advanced Studies and Research (ISTAR)- CVM University, Vallabh Vidyanagar fulfilment of the requirement for the award of M.Sc. (Geoinformatics) for the Project Work (201400401). This project work has been carried out under my guidance and it is to my satisfaction.

## ACKNOWLEDGEMENT

I would like to express my sincere gratitude to all those who have contributed to the successful completion of my thesis "MACHINE LEARNING BASED APPROACH TO ANALYZING POTENTIAL GROWTH PATTERNS OF RAJPIPLA". I would like to express my gratitude to Dr. Krunal Suthar (HOD-Geoinformatics), for his valuable guidance, support and encouragement throughout my project and connecting me with my mentor. I am also thankful to Principal Dr. M.M. Raj for his support and the opportunity to work on this project. Additionally, I extend my appreciation to the Charutar Vidya Mandir University, ISTAR college for their support and assistance. I would extend thanks to my external guide Dr. Koyel Sur (Scientist) for giving me the opportunity to work under the above project, she helped me to tackle various challenges during my project work and was my constant support she trained me how things are done at professional level using different GIS based techniques. Her expertise and deep knowledge have been crucial in helping me with the complexities I faced on my project. I am deeply thankful to Punjab Remote Sensing Centre (PRSC) also for providing me required facilities for completion of my project. Lastly, I would like to express my gratitude to my parents and my batch mates without whose help and support, completing this milestone would not have never been possible.

Thanking you,

Ms. Nimita Kamlesh Bhai Jain  
(22301400301002)
