### INDUSTRIAL CHEMISTRY DEPARTMENT

# GYANOTSAV 2025

The Charutar Vidyamandal University organised GYANOTSAV 2025 with the Theme “Know with us, Grow with us” during 31st January to 03rd February 2025. 8 Students of 2nd Semester have participated in Working model Project. The model was based on Manufacturing of Vacuum Evaporated Edible Salt.

# INDUSTRIAL VISIT

Students of 2nd & 4th semester visited Aravali Minerals and Chemicals Industries Pvt. Ltd, Udaipur, Rajasthan. Marble is the end product of the industry we visited. They begin by discussing with us the raw ingredients that go into making marble. They then showed us the equipment that crushes the raw materials, so in essence, we saw a crusher. Following that, the necessary materials are used in machines to make the marbles. Following formation, the marbles are cut and polished using the required equipment and procedures. Additionally, the marbles are sent to be sold in the market. During the stay at **Udaipur** students have also visited at City Palace, Saheliyo ki badi, Fateh Sagar Lake, Bhartiya Lok Kala Mandal, Karni Mata Temple during 4th - 6th February 2025.

# INDUSTRIAL VISIT

# INDUSTRIAL VISIT

Students of 2nd & 4th Semester visited Zydus Life sciences Ltd. API plant, Ankleshwar, Gujarat On 27 February 2025. During the visit They provided a detailed understanding of API manufacturing, quality control, safety measures, and regulatory compliance. The visit bridged the gap between theoretical learning and real-world industry practices. Everyone visited the temple of Nilkantheshwar Mahadev after the industrial visit.

Total students was 50 in which 7 were of 2nd Semester and 43 were of 4th Semester.
